

CAN'T FIND DANDRUFF

Every bit of dandruff disappears after one or two applications of Dandrin rubbed well into the scalp with the finger tips. Get a small bottle of Dandrin at any drug store for a few cents and save your hair. After several applications, you can't find a particle of dandruff or any falling hair, and the scalp will never itch.—(Adv.)

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

Look, Mother! Is tongue coated, breath hot and stomach sour?

Harmless "fruit laxative" best to clean tender liver and bowels.

Mothers can rest easy, after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile, and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breathe, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—(Adv.)

AFTER EFFECTS OF MEASLES

Mother, Who Lives in Tennessee Mountains Where Black Draught Is Relied On in Many Troubles, Says it Made Her Boy Sound and Well.

Coal Creek, Tenn.—Up in the mountains, quite some distance from town, lives Mrs. U. S. Fritts, who relates her experience with Thedford's Black-Draught as follows:

"My little boy, James, took sick with diarrhoea, about five years ago, and was badly swollen. He had the measles and this was, no doubt, an after-effect. I made him well by giving him Thedford's Black-Draught. I gave it to him three times a day for a month. I firmly believe it saved his life.

We always keep Black-Draught in our house. It is our doctor. Always easy to get and prompt in giving relief.

A small pinch of Black-Draught after each meal and at bed time for headache, stomach and liver trouble, and we are well the next morning. It certainly works wonders sometimes and saves no end of trouble, relieves pain, and there is no need for another doctor.

I have recommended Black-Draught to all my neighbors and will continue to recommend it."

Thedford's Black-Draught is a pure, vegetable herb liver medicine, acting gently, yet promptly, on liver and bowels.

Thousands of people, everywhere, have found it to relieve constipation, indigestion, biliousness and many similar disorders.

Try Black-Draught. Your druggist sells it.—(Adv.)

Also, try Cardui, the woman's tonic. Forty years of successful use are back of it.

At all druggists.—(Adv.)

PROTEST TERRORISM OF FINLAND BY WHITE GUARD

Seventy Thousand Imprisoned and Brutally Treated. Many Killed.

(Associated Press.)
London (Via Ottawa), May 30.—A Russian wireless dispatch says the central committee of Finnish workmen has protested against the terrorism of Finland by the white guard, stating that 70,000 persons, the majority of them social democrats, have been imprisoned and brutally treated. Of these 30,000 are civilians.

The wholesale slaughter of prisoners was begun by Finnish troops, assisted by the Germans. In one day, the dispatch continues, 158 women prisoners were killed. Many Sisters of Mercy of the Sacred Guard were put to death without trial. Field courts-martial are still condemning persons to death en masse, although the civil war is over. The Finnish proletariat calls out to the civilized world in the name of humanity to stop this terrorism.

ITALIANS FORESTALL AUSTRIAN PLANNED DRIVE

Great American Rescue Looms Daily Larger—Of Enormous Moral Value.

(International News Service.)
Rome, May 31.—The predicted Austrian drive, timed to start simultaneously with the renewal of the German offensive on the western front, was forestalled by the vigorous Italian push, the newspaper Giornale D'Italia said today.

"Great American rescue looms daily larger," the newspaper continued, "and already has assumed enormous moral material value."

SUBURBS OF SOISSONS CAPTURED, SAYS BERLIN

Number of Prisoners Claimed to Have Been Increased to Thirty-five Thousand.

Berlin, Thursday, (Via London) May 30.—Crecy-au-Mont, Juvisy and Cuffies, suburbs of Soissons, lying to the north of that city, have been captured by the Germans, according to the official statement issued by the war office, which says that the number of prisoners has been increased to more than 35,000.

The forts on the northwestern front of Rheims have fallen.

The text of the statement reads: "On the battle front between the Yser and the Oise, fighting activity has increased frequently. There were some local infantry engagements."

"The armies of the German crown prince are progressing victoriously. North of the Aisne, ground has been gained after hard fighting. Crecy-au-Mont, Juvisy and Cuffies have been occupied."

"Soissons has been taken by Brandenburg troops."

"The number of prisoners has increased to more than 35,000 and the booty in artillery and war material is tremendous."

"South of the Vesle the French front, which was in course of formation, broke down under uninterrupted attacks by our divisions. We threw the enemy back after stubborn resistance as far as and across the line of Villemonais, Fere-en-Tardenois, Coulances, Broillet and Brancourt."

northern parts of La Nouvilette and Betheny were captured. Guns of every description, up to railway guns of the heaviest calibre, were taken.

"The impetuous advance of our attacking forces prevented the enemy from carrying back rich war provisions heaped up in the captured territories. Large depots fell into our hands at Soissons, Braine and Plaines. Extensive munition depots, railway trains and hospital establishments, with a large quantity of medical equipment, fell into our possession. An airdrome, with machines ready to start, and airplane materials also were captured."

"With the army groups of Gen. Von Gallwitz and Duke Albrecht, the fighting activity revived temporarily."

"During the last three days our aviators have brought down thirty-eight enemy airplanes south of Ypres, five enemy captive balloons were brought down in flames."

"To the south of Fere-en-Tardenois," says the official report this evening from headquarters, "we are fighting our way toward the Marne."

JULY 4 TO BE LAUNCHING DAY IN U. S. SHIPYARDS

Builders Urged to Have One or More Hulls Ready to Leave Ways Independence Day.

Washington, May 31.—The emergency fleet news says that July 4 will be launching day in American shipyards. Builders of the new merchant marine, from Maine to the Gulf of Mexico, and throughout the Atlantic, Gulf and Pacific coasts to Seattle, Wash., and throughout the Great Lakes district, are asked to speed the production of ships, so as to have at least one vessel ready for launching on the anniversary of the Declaration of Independence.

If this plan, suggested by Edward N. Hurley, chairman of the United States shipping board, proves a success, July 4, 1918, will be the greatest ship launching day in the history of the world. It is hoped that President Wilson will take cognizance of the event and participate in the launching ceremonies at one of the shipyards.

Chairman Hurley has sent a telegram to all the yards, asking that every effort be made to have at least one emergency fleet vessel ready for launching on America's natal day.

"We should make this day one of historic importance in the nation's career," said the chairman. "It will be a safe and sane Fourth in every shipyard—an event that will signify great progress in our program."

The idea was suggested to the chairman when he learned that Chas. W. Schwab, director-general of the emergency fleet corporation, and Commissioner Brainbridge Colby, of the shipping board, had made arrangements to be at San Francisco July 4, when six vessels are to be launched in shipyards at that port.

The shipyards still have ample time, in most cases, to speed up their construction rate in an effort to meet with the chairman's wishes. More than a month remains for extra canoes, if necessary, to get to work on hulls already building and get them ready to kick into the water coincidentally with the observance of Uncle Sam's birthday anniversary.

SOUTHERN RAILWAY BOARD ANNOUNCES PLAN

(Associated Press.)

Columbia, S. C., May 30.—Director-General McAdoo has agreed to hold a conference June 6 with representatives of railway commissions of the states of Virginia, North Carolina, South Carolina, Georgia and Kentucky to receive resolutions adopted by them urging the government to take over control of short line railroads, it was announced here today by the South Carolina railroad commission.

The commission at the same time made public a plan for the protection of the short line roads which the commissioners of the southern states had agreed upon to present to the director-general in the event that it is found incompatible with the national interest for the government to take over the short lines.

WAR SAVINGS CAMPAIGN CHAIRMAN IN CONFERENCE

(Special to The News.)

Knoxville, May 31.—East Tennessee county chairman and vice-chairmen in the war savings stamp campaign will hold a conference in Knoxville Saturday to discuss plans for observance of "pledge day" on June 28. Thomas E. Preston, state chairman, and Richard Hardy, vice state chairman, will also be present. Otto Marx, national chairman of the war savings work, and some members of the Nebraska committee, where the pledge plan was first tried, may also arrange to come.

Sessions will be held at the board of commerce. A luncheon will be served the visiting delegates at the Cumberland club.

Children of Tennessee School for Deaf and Dumb, have just invested \$1,000 in war stamps. The money was secured by the sale of fancy work made by the students.

SOLDIER ABSENT WITHOUT LEAVE MARRIES IN JAIL

(Special to The News.)

Knoxville, May 31.—Cupid's arrows penetrated the Knox county jail and captured for J. E. Pooley, Company B, 11th Infantry, a bride. She was Miss Sarah Myers, of Knoxville. The groom was confined awaiting to be returned to camp. He was absent without leave. The ceremony was performed by Squire T. W. Fields in the jail corridor and in the presence of only officers of the jail and a few of the prisoners. Whippett Wells acted as best man, and Earl Gore officiated in the capacity of giving away the bride. Wedding music was furnished by a male quartet composed of prisoners.

"HEY DICE! JOE ME!" SO SHOUTED "HI" GIRLS

(International News Service.)
Hagerstown, Md.—"Some have nine children and some have seven."

"Large Richard from an educated City."

"Read 'em and weep."

"Hop out, Peter, let your wife ride."

"Joe me, bones, I'm four you."

No, the scene is not down in the south with a bunch of darkies behind a cotton bale. But it was right in the basement of a Hagerstown high school and the "shooters" were all girls.

Seniors, juniors and sophs rattled the dice until even the teacher got rattled and investigated. One of the girls was "out on eight" when the teacher walked in.

An investigation is on and some of the girls are the least bit worried about the ultimate receipt of their sheepskins.

Our Restaurants on a War Basis

Our 102 restaurants throughout the United States are now, and will continue to be as long as it is necessary, *entirely on a war basis*. We gladly comply with all regulations of the Federal Food Administration and all State and Local Food Administrations, because such compliance is imperative on the part of everybody who is loyally trying to do his part to help win the war—and the *winning of the war is the first consideration with all of us*, no matter what hardship or sacrifice it may entail.

Our Allies are in urgent need of every pound of wheat that we can spare and we feel that no loyal American will consider it a serious hardship to help save wheat when he stops to think of the *REAL SACRIFICES* our boys by the tens of thousands are making when they march to the front line trenches to face the German shells, the German poison gas and German bayonets.

We ask the fullest co-operation of the public, and for our part we pledge our utmost efforts to provide just as good food as it is possible to prepare under existing conditions, and to hold our prices down to the lowest possible figures.

You all know what enormously increased prices you now pay for almost everything you buy, for clothing of every kind, for the meats and other foods you purchase for your tables at home, and yet you can still get a cup of good coffee with *real cream* at our restaurants for the *old price of five cents*; you can still get good sandwiches at any of our restaurants for a nickel apiece; you can still get pie and cake for five cents a cut, and eggs either boiled, fried, scrambled or poached with buttered toast at 15c an order, the same as before the war.

In fact, we serve nearly *all* our foods at the *same prices as before the war*. We make it possible for the average man or woman to still get a satisfactory breakfast or lunch or supper for as low as *fifteen or twenty cents*.

And we want to say right here that any man, firm, corporation or business of any kind that is guilty of PROFITEERING, that takes advantage of the war to foist high prices on the public, that tries to make an extra profit out of HUMAN BLOOD, should be considered BEYOND THE PALE OF HUMAN DECENCY AND SHOULD BE SHUNNED BY ALL DECENT CITIZENS.

We must remember that we are in this war to the finish, and that we will not stop until the Kaiser and all his hordes of Huns are beaten, even if it takes the last man and the last dollar we've got. We here at home, safe and secure from the hell of No Man's Land which our boys are facing "Over There," must not forget for an instant that the *only really important thing is the WINNING OF THE WAR* and that all other things are secondary.
